

HELP ENVISION STOCKTON'S FUTURE!

WE NEED YOU

at an upcoming community workshop to provide feedback on the Draft Envision Stockton 2040 General Plan. Your feedback will help us to ensure that the Draft Plan accurately reflects the community's vision for the future of Stockton. Please join the Envision Stockton discussion! The same workshop will be held in different locations to make it easier for everyone to attend. We'll begin with a brief presentation, but you can stop in any time during the workshop to provide input. To check out the Plan, visit the website listed at the bottom of this flyer.
